

Tapawa, May 2012

Greetings to you.

My name is flora, member of the children's Forum. I am writing for Aminatou because she doesn't know how to write.

She says : „Greetings, how is life over there?

We are experiencing the coming of the rainy season.

There is no more heat.

We have already written an end of year examination and I am sure I will make it.

Time for me to tell you that I did receive the beautiful card that you sent.

Thank you very much. My parents send their regards.

See you later

Aminatou
